LUMBIA COLLEGE TO BE REMOVED UP TOWN—EX or Park Place.—The contemplated removal of Columbia College to its new site in Fifth avenue, near Fiftieth street, is soon to be effected. The land in this neighbor ture of \$180,000 will be necessary to prepare the ground trustees have had a number of designs for the new Col age buildings under consideration, and it is understood

ect will receive due consideration, so that when the building is finally constructed it will be an ornament to building is finally constructed it will be an ornament to ur city, and not, as many of our public buildings are an architectural monstrosity, belonging to no particular age and representing no definite artistic ideal. The corner stene will be laid early in the spring, and the cost of he building will be about \$100,000. Within a few weaks the work of extending Park place through the present College grounds will be commensed, which, when finished, will spon a new thorough fare between Broadway and the North river. This improvement has long been much needed, and should Robinson street be widened as proposed, it will greatly enhance the value of preperty in that part of the city, besides being a convenience to down town merchants. The College will clear about \$25,000 by the extension, besides being insidentially benefitted by the increased value of their remaining property.

PRESENTATION TO CAPTAIN BULLOCK OF THE BLACK WAR the Black Warrior met on Monday evening, at Delmoni co's, and, after discussing a very excellent dinner, preted him with a splendid speaking trumpet, as a token of their regard for him as a man and their appreciation of his abilities as a commander. The company consisted of about twenty five of our most respectable merchants,

the firster part of whom were passengers on board the Black Warrior, on her trip from New Orleans to this port is December last. The evening passed pleasantly— speeches were made and songs sung, and sentiments given, until a late hour in the night, when the company acparated, much pleased with their evening's entertain ment. Capt. Bullock has the reputation of being one of the most gentlemanly commanders sailing from this root. The locality is good, but the apart ments, though spacious, airy, beautifully frescool and ments, though spacious, airy, beautifully frescoed and accessible by double entrances, are, in our opinion, not quite large enough for court porposes. FIRE IN NINTH STREET.—Between 12 and 1 o'clock yes terday afternoon the alarm of fire in the Fourth district proceeded from the dwelling house of Mr. Thomas A. Emmet, situated at the corner of Ninth street and Wash-ington place. The firemen were quickly at the premises and soon discovered the fire to originate from the hot air furnace flues, used for the warming of the building. The firemen very soon extinguished the fire, after teat-ing up a portion of the patior flooring. The damage will probably amount to near \$250. The loss was covered by insurance.

THE WRECK OF THE STEAMER SAN FRANCISCO.—It will be remembered that the corporation of the old city of Philadelphia appropriated \$2,000 for three gold medals, to be presented to Captains Creighton, Low, and Stauffer, for their efforts to ressue the passengers of the wrecked steamer San Francisco. The task of engraving the dies for those was confided to Mr. Chas Welsh, one of the ablest engravers of our city. He has done his work admirably, and the medals, which have been shown to us, are fine specimens of art. They are alike in design, bearing on one side the arms of the city, and on the other an inscription denoting the object of the testimonial. To preserve the record of the event, a number of broats medals have been struck from the same dies, and will remain with the public authorities.—Philadelphia Americas, Fib. 6.
